This application and the subsequent permanent application changes the point of diversion, place of use and manner of use of a portion of Permit 41509 to a well controlled by Great Basin Water Company under Permit No. 74597 that is connected to the water system that serves Spring Creek, Nevada. This application will provide Great Basin Water Company the waters needed to serve water to Assessor's Parcel No. 040-005-001 that is being developed for use as apartment units in Spring Creek. At such time as the permanent application is reviewed and approved, the necessary Reports of Conveyance will be filed transferring ownership of the waters under this application to Great Basin Water Company.

16. Miscellaneous remarks:

The amount of water that is being required by Great Basin Water Company to be transferred to their well in order to serve the development occurring on Assessor's Parcel 040-005-001 is 3.36 acre feet. This application is being filed to change a total of 3.60 acre feet due to the fact that it is anticipated that the duty being changed by this application will be reduced to 3.36 acre feet when the new permit is issued due to the Net Irrigation Water Requirement in the Dixie Creek-Ten Mile water basin
